

CIMODE PAPER FINAL INFORMATION FORM

1. Paper number and title

--	--

2. Author names

Presenting author

First name	Last Name	Affiliation

Co-authors

First name	Last Name	Affiliation

3. Copyright agreement

The authors agree that the work published in **the conference book(s) (full-text and/or abstract, according to option A1 or A2)** will be made available on open-access at the conference website and other repositories, after the conference. CIMODE is licensed under a **Creative Commons License Agreement**. Full legal text can be found at <https://creativecommons.org/licenses/by-nc-nd/4.0/legalcode.en>, summary at <https://creativecommons.org/licenses/by-nc-nd/4.0/deed.en>
The publications in the book to be edited by Springer are regulated by an additional, separate agreement, established in the form "Consent to Publish"

4. Paper submission checklist (read and check all items with an X)

The submission has not been previously published, nor is it before another conference for consideration.	
The text is prepared according to the guidelines and templates presented in http://www.design.uminho.pt/cimode2024 . and/or Springer standards, as applicable.	
The English version of the article, when applicable, was prepared carefully with regard to its intelligibility, grammar and spelling, if necessary, was professionally reviewed by an expert in English.	
Authors' names and affiliations have now been added in the final version	
This form has been filled in, printed, signed and scanned. It will be sent in PDF format. If you choose to publish in the book edited by Springer, its "Consent to publish" form has been printed, signed, scanned and also added to the documents sent, in PDF. All the remaining instructions from Springer have been followed.	

The authors assure the originality of the contents of their articles. All materials produced by third parties should be properly referenced to the original source, and, where necessary, authors should obtain permission to reproduce them. The authors are entirely responsible for situations of plagiarism.	
The article does not contain any violation of copyright or third-party rights, nor materials of obscene, indecent, slanderous or illegal nature.	
The authors will compensate the CIMODE organisation and involved third-parties for any claims involving their article.	
The authors agree on the copyright conditions set forth in 3. Copyright agreement	
The authors are submitting a Zip archive at the conference submission system containing the elements defined in the file "InstructionsSubmissionFinalVersion_EN.pdf"	

5. Changes made to the paper in response to the reviewers

Describe here briefly the changes you made to the article on the basis of reviewers' comments. If there have not been requested changes, mention that.
